REPORT

To the Governors and Subscribers of the Pershore Cottage Hospital.

LADIES AND GENTLEMEN,

The present is the forty-fifth Annual Report, Statement of Accounts, and General Lists for the year ended 31st December, 1940.

Last year the Report was printed in time for presentation at the Annual Meeting, but the Committee regret that owing to difficulties connected with the war—particularly in respect of printing—it has not been possible to do so this year.

During the year 418 patients have been admitted to the hospital (including 118 cases of accident of which 16 were motor cases) 309 were cured, 74 were relieved, 16 died, 11 were transferred to other institutions, and 8 remained in hospital at the end of the year.

Adding 409 (the number of new patients for the year) to 6,224, the figure brought forward from the previous year, gives 6,633 as the total number of inpatients admitted to the Hospital since its foundation. It will be observed in the Accounts that the total income for the year (including donations but excluding balances) available for the maintenance of the Hospital was £1,289, compared with £1,331 for the previous year. The cost of running the Hospital was £1,355 compared with £1,334 for 1939, so that for the first time for a great many years the income received during the year has fallen short considerably of the cost of maintaining the Hospital.

The sum of all the days spent by each patient in the Hospital was 3,459, giving the average length of stay as just over 8 days. The average cost of each patient was just over 7s. 10d. a day, slightly under £2 15s. 0d.

a week, considerably less than in 1939. The Committee are glad to express once more their appreciation of the conscientious care of all responsible, especially the Matron, for the efficient maintenance of the Hospital.

The Hospital has now had a complete year's experience under war conditions. While, fortunately, no great demands have been made upon it, evacuated children, soldiers, and transferred casualty cases have been admitted, and in other ways the Hospital has played its part in the Government Emergency Hospital Scheme. With a view to Air Raid Precautions the Hospital has been inspected on behalf of the Ministry of Health and all recommendations for the safety of the staff and patients have been carried out, most of the cost of which will be borne by the Ministry.

The Committee regret the loss of several loyal subscribers of long standing. On the other hand several new subscribers have come forward, and the Committee are glad to be able to report that the income from subscriptions has been increased, also that there has been an increase in the number of subscribers who have entered into a seven years' covenant.

The usual list of gifts and their givers is again omitted this year in order to reduce the cost of printing. The Committee are, nevertheless, most grateful to the many kind friends of the Hospital for their generous and useful gifts, which have materially assisted in its maintenance.

The Committee desire once again to express their thanks to the Medical and nursing Staffs, to Mrs. Davies and Mrs. Rusher (helped by Mrs. Barker) for organising the Hospital Saturday Collection, to Miss Phyllis Woodward for organising the Alexandra Day Collection, to Mrs. Browning for managing the Linen League, and to Mrs. Evans for organising Pound Week. Thanks are also due to the officers for their work throughout the year.

The whole of the Committee retire on the day of the Annual Meeting but are eligible for re-election.

A. H. HUDSON, Chairman.
